***Allowable Subject Matter***

Claims 1-28 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not teach the claimed plasma chamber with helical coil around the chamber, a microwave waveguide which produces a traveling wave and a coupler coupling the microwave energy from the waveguide to the helical coil, as per claims 1 and 12. As per claim 21 the method of flowing gas through a plasma tube, directing a slow wave in a conducting structure around the plasma tube to form plasma and then direct the plasma into a processing chamber is not set forth in the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark H. Paschall whose telephone number is 703 308-1642. The examiner can normally be reached on 7am - 3pm.
